Junior Frontend Developer

Hi! I am a passionate Frontend Developer with a strong technical skill-set, attention to details and 1+ years of experience. I thrive on creating digital magic and elevating user experience to the next level.

Core Competencies

HTML • CSS • Sass • Javascript • React • Redux • React Native • Typescript • Unit Testing • Jest • C++ • C • Data structures • Problemsolving • Algorithm

Languages

Arabic (native) - English (Good written and spoken)

Experience

alx_africa Software Engineer 2023 - 2024

Interning at Alx Africa was a Rewarding Experience.

I enjoyed working with a Talented Team

and the Positive Environment fostered both personal and professional growth.

Learning from Experienced Professionals

- Help the design team to make valid designs that don't affect the performance
- Onboarding new developers and help them fit in the team
- Improve the code base and use best practices
- contributed meaningfully to Projects and Developed a deeper passion for Technology.
- Write unit tests and increase the test coverage
- Deliver new features
- Grateful for the opportunity to be part of such a supportive and skilled Team at Alx Africa

Tech stack: React, C, C++, Python, Data structures, Problemsolving, Algorithm

Almdrasa - Junior Frontend Developer 2023 – 2024

It's one of the largest retails and hospitality organizations in the Middle East, Africa, and India.

We had more than 12 websites for our brands. Responsibilities:

- Adding new features
- Refactor the code and upgrade the legacy code parts
- Almdrasa's innovative Environment aligns perfectly with my Passion for impactful Web Development,(Front-End) making each project an exciting opportunity for growth and creativity.

Tech stack: HTML5, CSS3, Sass, Javascript, React, Redux,Python.
